

Longmeadow Parkway Neighborhood Meeting

Wed, October 8, 7:00pm – 8:30pm

Village of Barrington Hills, 112 Algonquin Rd, Barrington Hills, IL, United States

Dear Resident,

The Kane County Division of Transportation has completed preliminary plans (60% completion) for the Longmeadow Parkway project and has provided these plans to the Village for initial review. Though still preliminary in nature, the plans provide greater detail than previously provided concept plans regarding the planned roadway improvements and how they would impact Autumn Trail, IL Rte. 62, and adjacent properties.

The Village of Barrington Hills would like to invite you to a neighborhood meeting on Wednesday, October 8th, 2014 at 7 pm at the Village Hall. The intent of this meeting is to discuss the details presented in the preliminary plan set and to help determine the scope of the Village's response to Kane County DOT. While the Village does not have any direct involvement in the design or planning of this project, nevertheless we would like to make sure that feedback and concerns from residents are heard by the appropriate parties at the Kane County Division of Transportation.

For planning purposes, please RSVP to the Village Clerk by e-mail at clerk@barringtonhills-il.gov or by phone at 847-551-3000 by Friday, October 3rd. If you have any specific questions that you may want to have explored prior to the meeting, those may be forwarded to the Clerk as well.

Sincerely,
Patty Meroni
Chair, Roads and Bridges
