**ROADS & BRIDGES  
Meeting  
12/13/2021**

**Special Meeting Minutes - Draft**

**Called to order:** 4:06 pm

**Present**

- Trustee Laura Ekstrom
- Trustee Colleen Konicek
- President Brian Cecola
- Anna Paul, Director of Administration
- Alex Dye, Trotter & Associates
- Steve Cieslica, Trotter & Associates

**Public Comments**

- None

**Minutes**

Minutes - 10/14/2021

Approved

**2022 Road Program**

Cieslica Reviewed the 2 different types of surface products the Village has been considering. After further research it appears that the micro-surfacing technology has a tendency to chip off, especially when snow plows go over it according to other Villages who have tried micro-surfacing.

The technology that Trotter is recommending is a CRF emulsion-based material. It is spread more like a pavement sealer, it fills in and seals up cracks. Cieslica reported we should get an additional 5 years out of the road. Larger cracks would need crack sealing prior to application. Would recommend doing in year 5, then do again later.

Dye created a road program resurfacing comparison for only resurfacing and resurfacing and using other solutions such as reclamite and CRF. Cieslica reviewed that the Village could save an estimated \$3.2 million if the Village is able to move to 15-year total resurfacing versus 10 years while maintaining the integrity of the roads. Ekstrom wonders what the cost difference would be if we did one application of reclamite and then resurface sooner so the residents are happier.

The committee had detailed discussion of the Roads.

**Driveway Code Updates**

Cieslica reviewed driveway code proposed changes. A robust discussion ensued. The Committee asked that Cieslica add language limiting headlights from disturbing their neighbors.

**Meeting adjourned:** 5:59 pm
