RE: 2025 Road Posting

Dear President Cecola:

Trotter and Associates, Inc. (TAI) has reviewed the road conditions, weather forecast, and historical records from the Village. It is our recommendation that temporary weight restrictions for vehicles with a gross weight in excess of 10 tons go into effect on Monday March 10, 2025.

The Village roads are in good condition and we feel Village staff can issue & approve overweight permits for deliveries inside the Village as needed. If an address or route has excessive deliveries or Village staff feels the need to contact me directly regarding a particular route or street, please do not hesitate to contact me.

Sincerely,

TROTTER AND ASSOCIATES, INC.

Steve Cieslica, P.E.
Village Engineer
