# LEGAL NOTICE

Notice of Mandate Waiver Hearing

Notice is nearby given by the Board of Education of Barrington Unit School District 220, Lake, Cook, Kane, and McHenry counties, State of Illinois, that it has scheduled a public hearing at the Board meeting on the application of the following on November 17, 2026 at 6:00 pm at 515 W. Main Street, Barrington, IL.

1. Renewal of a previously approved Competency-Based Education ISBE Waiver. An application for waiver of that portion of Title 23 of the Illinois Administrative Code Section 1.440(c) which defines specific requirements for graduation as a specific number of "units," using the definition of "unit" as the credit accrued for a year's study or its equivalent. The District is seeking this waiver in order to begin implementing competency-based education as outlined in the Illinois Postsecondary and Workforce Readiness Act (110 ILCS 148).

2. Renewal of a previously approved waiver for Blended Learning. For purposes of General State Aid, public school districts can count as days of attendance, days when pupils are physically present in school for five hours, 105 ILCS 5/18 8.05(F)(1), and days when a pupil is engaged in an online learning program wholly away from school, 105 ILCS 5/10¬29. The District would like to renew this previously approved request for a hybrid model in which up to two hours of remote learning combined with three hours of in-class instruction will satisfy the day of attendance requirement for state aid for grades 6-12.

SECTION 4 - OPERATIONAL SERVICES

**4:110 Transportation**

The District shall provide free transportation for any student in the District who resides: (1) at a distance of one and one-half miles or more from his or her assigned school, unless the School Board has certified to the Ill. State Board of Education that adequate public transportation is available, (2) if adequate public transportation is not available, within one and one-half miles from his or her assigned school where walking to or from school or to or from a pick-up point or bus stop would constitute a *serious safety hazard* due to either (a) vehicular traffic or rail crossing or (b) *a course or pattern of criminal activity*, as defined in the Ill. Streetgang Terrorism Omnibus Prevention Act, 740 ILCS 147/. The District may provide and charge a fee for transportation for other students residing within one and one-half miles from their assigned school. A student's parent(s)/guardian(s) may file a petition with the Board requesting transportation due to the existence of a serious safety hazard. Free transportation service and vehicle adaptation is provided for a special education student if included in the student's individualized educational program. Non-public school students shall be transported in accordance with State law. Homeless students shall be transported in accordance with Section 45/1-15 of the McKinney Homeless Children Act. Foster care students shall be transported in accordance with Section 6312(c)(5)(B) of the Elementary and Secondary Education Act.

If a student is at a location within the District, other than his or her residence, for child care purposes at the time for transportation to and/or from school, that location may be considered for purposes of determining the one and one-half miles from the school attended. Unless the Superintendent or designee establishes new routes, pick-up and drop-off locations for students in day care must be along the District's regular routes. The District will not discriminate among types of locations where day care is provided, which may include the premises of licensed providers, relatives' homes, or neighbors' homes.

Bus schedules and routes shall be determined by the Superintendent or designee and shall be altered only with the Superintendent or designee's approval and direction. In fixing the routes, the pickup and discharge points should be as safe for students as possible.

No school employee may transport students in school or private vehicles unless authorized by the administration.

Every vehicle regularly used for the transportation of students must pass safety inspections in accordance with State law and Ill. Dept. of Transportation regulations. The strobe light on a school bus may be illuminated only when the bus is actually being used as a school bus and (1) is stopping or stopped for loading or discharging students on a highway outside an urban area, or

(2) is bearing one or more students. The Superintendent shall implement procedures in accordance with State law for accepting comment calls about school bus driving.

All contracts for charter bus services must contain the clause prescribed by State law regarding criminal background checks for bus drivers.

Pre-Trip and Post-Trip Vehicle Inspection

The Superintendent or designee shall develop and implement a pre-trip and post-trip inspection procedure to ensure that the school bus driver: (1) tests the communication device and ensures that it is functioning properly before the bus is operated, and (2) walks to the rear of the bus before leaving the bus at the end of each route, work shift, or work day, to check the bus for children or other passengers in the bus.

SECTION 7 – STUDENTS

## 7:50 School Admissions and Student Transfers To and From Non-District Schools

Age

To be eligible for admission, a child must be five years old on or before September 1 of that school term. A child entering first grade must be six years of age on or before September 1 of that term. A child will also be allowed to attend first grade based on an assessment of the child's readiness if the child attended a non-public preschool, continued his or her education at that school through kindergarten, was taught in kindergarten by an appropriately licensed teacher, and will by six years old on or before December 31. Based upon the District's assessment of the child's readiness to attend school and the criteria set forth above, the Superintendent or designee will make the decision whether to admit such a student for early entrance to first grade.

A child with exceptional needs who qualifies for special education services is eligible for admission at three years of age.

Early entrance to kindergarten or first grade may also be available pursuant to School Board Policy 6:135 *Accelerated Placement Program*.

Admission Procedure

All students must register for school each year on the dates and at the place designated by the Superintendent. Parents/guardians of students enrolling in the District for the first time must present:

1. A certified copy of the student's birth certificate. If a birth certificate is not presented, the Superintendent or designee shall notify in writing the person enrolling the student that within 30 days he or she must provide a certified copy of the student's birth certificate. A student will be enrolled without a birth certificate. When a certified copy of the birth certificate is presented, the school shall promptly make a copy for its records, place the copy in the student's permanent record, and return the certified copy to the person enrolling the child. If a person enrolling a student fails to provide a certified copy of the student's birth certificate, the Superintendent or designee shall immediately notify the local law enforcement agency and shall also notify the person enrolling the student in writing that, unless he or she complies within 10 days, the case will be referred to the local law enforcement authority for investigation. If compliance is not obtained within that 10-day period, the Superintendent or designee shall so refer the case. The Superintendent or designee shall immediately report to the local law enforcement authority any material

received pursuant to this paragraph that appears inaccurate or suspicious in form or content.
2. Proof of residence, as required by Board policy 7:60, *Residence*.
3. Proof of disease immunization or detection and the required physical examination, as required by State law and Board policy 7:100, *Health, Eye, and Dental Examinations, Immunizations, and Exclusion of Students*.

The individual enrolling a student shall be given the opportunity to voluntarily state whether the student has a parent or guardian who is a member of a branch of the U.S. Armed Forces and who is either deployed to active duty or expects to be deployed to active duty during the school year. Students who are children of active duty military personnel transferring will be allowed to enter: (a) the same grade level in which they studied at the school from which they transferred, if the transfer occurs during the District's school year, or (b) the grade level following the last grade completed.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required for enrollment. Board policy 6:140, *Education of Homeless Children,* and its implementing administrative procedures, govern the enrollment of homeless children.

Foster Care Students

The Superintendent will appoint at least one employee to act as a liaison to facilitate the enrollment and transfer of records of students in the legal custody of the Illinois Department of Children and Family Services (DCFS) when enrolling in or changing schools. The District's liaison ensures that DCFS' Office of Education and Transition Services receives all written notices and records pertaining to students in the legal custody of DCFS as required by State law.

Student Transfers to and From Non-District Schools

A student may transfer into or out of the district according to State law and procedures developed by the Superintendent or designee. A student seeking to transfer into the District must serve the entire term of any suspension or expulsion, imposed for any reason by any public or private school, in this or any other state, before being admitted into the School District.

Foreign Students

The District accepts foreign exchange students with a J-1 visa and who reside within the District as participants in an exchange program sponsored by organizations screened by administration. Exchange students on a J-1 visa are not required to pay tuition.

Privately sponsored exchange students on an F-1 visa may be enrolled if an adult resident of the District has temporary guardianship and the student lives in the home of that guardian. Exchange students on an F-1 visa are required to pay tuition at the established District rate. F-1 visa student admission is limited to high schools and attendance may not exceed 12 months.

The Board of Education may limit the number of exchange students admitted in any given year.

Exchange students must comply with District immunization requirements. Once admitted, exchange students become subject to all District policies and regulations governing students.

Re-enrollment

Re-enrollment shall be denied to any individual 19 years of age or above who has dropped out of school and who could not earn sufficient credits during the normal school year(s) to graduate before his or her 21st birthday. However, at the Superintendent's or designee's discretion and depending on program availability, the individual may be enrolled in a graduation incentives program established under 105 ILCS 5/26-16 or an alternative learning opportunities program established under 105 ILCS 5/13B-1 (see 6:110, *Programs for Students at Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*). Before being denied re-enrollment, the District will offer the individual due process as required in cases of expulsion under Policy 7:210, *Expulsion Procedures*.

A person denied re-enrollment will be offered counseling and be directed to alternative educational programs, including adult education programs that lead to graduation or receipt of a GED diploma. General Personnel

**5:120 Employee Ethics; Code of Professional Conduct; and Conflict of Interest**

All District employees are expected to maintain high standards in their job performance, demonstrate integrity and honesty, be considerate and cooperative, and maintain professional and appropriate relationships with students, parents/guardians, staff members, and others.

The Superintendent or designee shall provide this policy, guidelines established for employee-student boundaries, and all available methods for reporting employee-student boundary violations[C1] to all District employees, ~~and~~ students, and ~~/or~~ parents/guardians in each of their respective handbooks, and ensure ~~its~~they are posted~~ing~~ on the District's website, if any.

Professional and Appropriate Conduct

Professional and appropriate employee conduct are important Board goals that impact the quality of a safe learning environment and the school community, increasing students' ability to learn and the District's ability to educate. All District employees shall exhibit positive examples of preparedness, punctuality, attendance, self-control, language, and appearance.[C2]

To protect students from sexual misconduct by employees, and employees from the appearance of impropriety, State law also recognizes the importance for District employees to constantly maintain professional and appropriate relationships with students by following established expectations and guidelines for employee-student boundaries. Many breaches of employee-student boundaries do not rise to the level of criminal behavior but do pose a potential risk to student safety and impact the quality of a safe learning environment. Repeated violations of employee-student boundaries may indicate the grooming of a student for sexual abuse. As bystanders, employees may know of concerning behaviors that no one else is aware of, so their training on: (1) preventing, recognizing, reporting, and responding to child sexual abuse and grooming behavior; (2) this policy; and (3) federal and state reporting requirements is essential to maintaining the Board's goal of professional and appropriate conduct.

The Superintendent or designee shall identify employee conduct standards that define appropriate employee-student boundaries, provide training about them, and monitor the District's employees for violations of employee-student boundaries. The employee conduct standards will require that, at a minimum:

1. Employees will comply with 5:120-AP2, *Employee Conduct Standards* and 5:120-AP2, E, *Expectations and Guidelines for Employee-Student Boundaries*, both incorporated by reference into this policy.[C3]

2. Employees who are governed by the *Code of Ethics for Illinois Educators*, adopted by the Ill. State Board of Education (ISBE), will comply with its incorporation by reference into this policy.
3. Employees are trained on educator ethics, child abuse, grooming behaviors, and employee-student boundary violations as required by law and Board policies 2:265, *Title IX Grievance Procedure*; 4:165, *Awareness and Prevention of Child Sexual Abuse and Grooming Behaviors*; 5:90, *Abused and Neglected Child Reporting*; and 5:100, *Staff Development Program*.
4. Employees maintain professional relationships with students, including maintaining employee-student boundaries based upon students' ages, grade levels, and developmental levels and following District-established guidelines for specific situations, including but not limited to:
    a. Transporting a student;
    b. Taking or possessing a photo or video of a student; and
    c. Meeting with a student or contacting a student outside the employee's professional role.
5. Employees report prohibited behaviors and/or boundary violations pursuant to Board policies 2:260, *Uniform Grievance Procedure*; 2:265, *Title IX Grievance Procedure*; and 5:90, *Abused and Neglected Child Reporting*.
6. Discipline up to and including dismissal will occur for any employee who violates an employee conduct standard or engages in any of the following:
    a. Violates expectations and guidelines for employee-student boundaries.
    b. Sexually harasses a student.
    c. Willfully or negligently fails to follow reporting requirements of the Abused and Neglected Child Reporting Act (325 ILCS 5/), Title IX of the Education Amendments of 1972 (20 U.S.C. §1681 *et seq*.), or the Elementary and Secondary Education Act (20 U.S.C. § 7926).
    d. Engages in *grooming* as defined in 720 ILCS 5/11-25.
    e. Engages in grooming behaviors. Prohibited grooming behaviors include, at a minimum, *sexual misconduct. Sexual misconduct* is any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity, by an employee with direct contact with a student, that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples include, but are not limited to:
        i. A sexual or romantic invitation.
        ii. Dating or soliciting a date.
        iii. Engaging in sexualized or romantic dialog.
        iv. Making sexually suggestive comments that are directed toward or with a student.
        v. Self-disclosure or physical exposure of a sexual, romantic, or erotic nature.
        vi. A sexual, indecent, romantic, or erotic contact with the student.

Statement of Economic Interests

The following employees must file a *Statement of Economic Interests* as required by the Ill. Governmental Ethics Act:

1. Superintendent;
2. Building Principal;
3. Head of any department;
4. Any employee who, as the District's agent, is responsible for negotiating one or more contracts, including collective bargaining agreement(s), in the amount of $1,000 or greater;
5. Hearing officer;
6. Any employee having supervisory authority for 20 or more employees; and

Ethics and Gift Ban

Board policy 2:105, *Ethics and Gift Ban***,** applies to all District employees. Students shall not be used in any manner for promoting a political candidate or issue.

Prohibited Interests; Conflict of Interest; and Limitation of Authority

In accordance with 105 ILCS 5/22-5, "no school officer or teacher shall be interested in the sale, proceeds, or profits of any book, apparatus, or furniture used or to be used in any school with which such officer or teacher may be connected," except when the employee is the author or developer of instructional materials listed with ISBE and adopted for use by the Board. An employee having an interest in instructional materials must file an annual statement with the Board Secretary.

For the purpose of acquiring profit or personal gain, no employee shall act as an agent of the District nor shall an employee act as an agent of any business in any transaction with the District. This includes participation in the selection, award, or administration of a contract supported by a federal award or State award governed by the Grant Accountability and Transparency Act (GATA) (30 ILCS 708/) when the employee has a real or apparent conflict of interest. A conflict of interest arises when an employee or any of the following individuals has a financial or other interest in or a tangible benefit from the entity selected for the contract:

1. A member of the employee's immediate family;
2. An employee's partner; or
3. An entity that employs or is about to employ the employee or one of the individuals listed in one or two above.

Employees shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, potential contractors, or parties to agreements or subcontracts. Situations in which the

interest is not substantial or the gift is an unsolicited item of nominal value must comply with State law and Board policy 2:105, *Ethics and Gift Ban*.

School Counselor Gift Ban

School counselors are prohibited from intentionally soliciting or accepting any gift from a *prohibited source* or any gift that would be in violation of any federal or State statute or rule. For school counselors, a *prohibited source* is any person who is (1) employed by an institution of higher education, or (2) an agent or spouse of or an immediate family member living with a person employed by an institution of higher education. This prohibition does not apply to:

1. Opportunities, benefits, and services available on the same conditions as for the general public.
2. Anything for which the school counselor pays market value.
3. A gift from a relative.
4. Anything provided by an individual on the basis of a personal friendship, unless the school counselor believes that it was provided due to the official position or employment of the school counselor and not due to the personal friendship. In determining whether a gift is provided on the basis of personal friendship, the school counselor must consider the circumstances in which the gift was offered, including any of the following:
    a. The history of the relationship between the individual giving the gift and the school counselor, including any previous exchange of gifts between those individuals.
    b. Whether, to the actual knowledge of the school counselor, the individual who gave the gift personally paid for the gift or sought a tax deduction or business reimbursement for the gift.
    c. Whether, to the actual knowledge of the school counselor, the individual who gave the gift also, at the same time, gave the same or a similar gift to other school district employees.

## 5:220 Substitute Teachers

The Superintendent may employ substitute teachers as necessary to replace teachers who are temporarily absent.

A substitute teacher must hold either a valid teaching or substitute license and may teach in the place of a licensed teacher who is under contract with the Board. There is no limit on the number of days that a substitute teacher may teach in the District during the school year, except as follows:

1. A substitute teacher holding a substitute license may teach for any one licensed teacher under contract with the District only for a period not to exceed 90 paid school days in any one school term.
2. A teacher holding a Professional Educator License or Educator License with Stipulations may teach for any one licensed teacher under contract with the District only for a period not to exceed 120 paid school days.

The Board of Education establishes a daily rate of pay for substitute teachers. Substitute teachers receive only monetary compensation for time worked and, except for substitute teachers who qualify as full-time employees under the Affordable Care Act, no other benefits.

TRS Annuitant: Substitute Teachers

The Ill. Teachers' Retirement System (TRS) limits a substitute teacher who is a TRS annuitant to substitute teaching for a period not to exceed 120 paid days or 600 paid hours in each school year through June 30, 20296,[C1] but not more than 100 paid days in the same classroom. Beginning July 1, 20296, a substitute teacher who is a TRS annuitant may substitute teach for a period not to exceed 100 paid days or 500 paid hours in any school year, unless the subject area is one where the Regional Superintendent has certified that a personnel shortage exists.

Short-Term Substitute Teachers

A short-term substitute teacher must hold a valid short-term substitute teaching license and have completed the District's short-term substitute teacher training program. Unless otherwise permitted by law, short-term substitutes may teach no more than five consecutive school days for each licensed teacher who is under contract with the Board.

Emergency Situations

A substitute teacher may teach when no licensed teacher is under contract with the Board if the District has an emergency situation as defined in State law. During an emergency situation, a substitute teacher is limited to 30 calendar days of employment per each vacant position. The Superintendent or designee shall notify the appropriate Regional Office of Education (ROE) within five business days after the employment of a substitute teacher in an emergency situation. The Board may continue to employ the same substitute teacher in a vacant position for 90 calendar days or until the end of the semester, whichever is greater, if, prior to the end of the then current 30-calendar-day period, the District makes a written request to the ROE for a 30-calendar-day extension and the extension is granted by the ROE.

**6:120 Education of Children with Disabilities**

The School District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals With Disabilities Education Act (IDEA) and implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act. The term "children with disabilities," as used in this policy, means children between ages 3 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Ill. State Board of Education's (ISBE) *Special Education* rules, that special education services are needed. Children with disabilities who turn 22 years old during the school year are eligible for such services through the end of the school year.

It is the intent of the District to ensure that students who ~~are disabled~~have a disability[C1] within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services.[O1] Students may ~~be disabled~~have a disability within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the ISBE *Special Education* rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students' identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian(s), representation by counsel, and a review procedure.

The District may maintain membership in one or more cooperative associations of school districts that shall assist the District in fulfilling its obligations to the District's students with disabilities.

If necessary, students may also be placed in nonpublic special education programs or education facilities.

C1 Updated in response to 105 ILCS 5/10-22.18c, amended by P.A. 104-480, replacing the term *day care services* with "early care and education" as it relates to model early care and education programs. C1 The Use of Artificial Intelligence (AI)-Enabled Tools subhead is rewritten for PRESS Plus. A redlined version showing the changes made is available at PRESS Online by logging in at www.iasb.com. Please also compare this new text with the policy language previously adopted by the Board.

This entire subhead is optional, and it may be modified at the Board's discretion. For more information, see the footnotes available at PRESS Online by logging in at www.iasb.com.

The subhead is updated in response to the Ill. State Board of Education's (ISBE) nonregulatory *Statewide Guidance on the Use of Artificial Intelligence* (June 2026), available at www.isbe.net/Pages/AI-Guidance.aspx. In accordance with 105 ILCS 5/2-3.118a, added by P.A. 104-399, the Guidance addresses AI in pre-K through 12 education. The Guidance emphasizes the need for schools to reflect on local values, context, and priorities as they consider AI use. It relies on four main principles: (1) teaching and learning are shaped by relationships and by the experiences, interests, and assets each child brings to school; (2)

schools serve academic, developmental and civic purposes concurrently; (3) AI is a means to inform teaching and learning rather than an end in itself; and (4) informed use (of AI) requires deliberate, context-sensitive, and *locally determined* purpose and use (emphasis added). The Guidance states the central question around AI use in schools is not whether a tool can simply perform a task, "but whether its use supports the purposes of schooling: the growth of the individual, the strengthening of human relationships, the exercise of judgment and responsibility, and preparation for thoughtful participation in a world increasingly shaped by digital and AI-mediated environments."

The U.S. Dept. of Education also issued a *Dear Colleague Letter* on 8-20-26, to help school districts make informed decisions about the responsible use of technology in classrooms, at: www.ed.gov/media/document/guidance-education-technology-and-screentime-schools-114386.pdf.

Adopting policy language that addresses AI provides (a) a way for boards to monitor how this technology is being used in the district, and (b) an opportunity for the board and the superintendent to examine all current policies, collective bargaining agreements, and administrative procedures on this subject. For suggested board monitoring questions around a district's use of AI, please see sample policy 6:235's footnote 17, available at PRESS Online by logging in at www.iasb.com. **Issue 123, October 2026**

C2 If a board wishes to exercise greater oversight over the AI Plan, add the following to the end of this item: ", which shall be approved by the Board". If adding edits, use the Save Status **Adopted with Additional District Edits**. **Issue 123, October 2026**

C3 ISBE's Guidance (www.isbe.net/Pages/AI-Guidance.aspx, p. 103), recommends that AI applications be vetted for operational and instructional fit using clear questions tied to purpose and use. **Issue 123, October 2026**

C4 ISBE's Guidance (www.isbe.net/Pages/AI-Guidance.aspx, p. 10) recommends that districts maintain clear information about approved tools, their purpose and use, data security, and contact points for questions or concerns. **Issue 123, October 2026**

C5 ISBE's Guidance (www.isbe.net/Pages/AI-Guidance.aspx, p. 226) states that students should learn about AI, including what it is (and is not), how it works, its impact on society, and how to shape it, *before* and while using AI tools in the classroom. **Issue 123, October 2026**

C6 A board can modify the review schedule as desired. Federal guidance recommends that educational leaders establish the cadence in which the learning community will review and update the responsible use policy (guidelines) based on use, technological updates, and feedback. See https://downloads.microscribepub.com/il/press/federal_resources/FINAL-ED-OET-EdLeaders-AI-Toolkit-10.29.24_20250221.pdf, p. 52. ISBE Guidance also recommends "periodic review," see www.isbe.net/Documents/AIGuidance.pdf, p. 176. **Issue 123, October 2026**

C7 A board can modify the reporting schedule as desired. ISBE Guidance emphasizes the importance of having clarity on whether AI use is improving practice and/or student outcomes. See https://www.isbe.net/Documents/AIGuidance.pdf, pp. 111, 141, 227, and 229. **Issue 123, October 2026**

SECTION 6 – INSTRUCTION

## 6:310 High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students

Credit for Non-District Experiences

A student may receive high school credit for successfully completing any of the listed courses or experiences even when it is not offered in or sponsored by the District:

1. Distance learning course, including a correspondence, virtual, or online course
2. Courses in an accredited foreign exchange program
3. Summer school or community college courses
4. College or high school courses offering dual credit at both the college and high school level
5. World~~Foreign~~[C1] language courses taken in a community-based heritage language~~an ethnic~~[C2] school program approved by the Ill.~~inois~~ State Board of Education
6. Work-related training at manufacturing facilities or agencies in a Tech Prep Partnership for Careers program
7. Credit earned in a Vocational Academy

The student must seek approval from the Superintendent or designee to receive graduation credit for any non-District course or experience. The Superintendent or designee shall determine the amount of credit and whether a proficiency examination is required before the credit is awarded. As approval is not guaranteed, students should seek conditional approval of the experience before participating in a non-District course or experience. The student assumes responsibility for any fee, tuition, supply, or other expense. The student seeking credit is responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination if requested. The Superintendent or designee shall determine which, if any, non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities. When applicable, the Building Principal or designee shall, prior to the first day of class, inform individual high school students enrolled in a mixed enrollment dual credit course that includes students who have and have not met the community college's criteria for dual credit coursework of whether or not they are eligible to earn college credit for the course. This section does not govern the transfer of credits for students transferring into the District.

Substitutions for Required Courses

**Vocational or technical education.** A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses if:

1. The Building Principal approves the substitution(s) and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student's parent/guardian requests and approves the substitution(s) in writing on forms provided by the District.

**Registered Apprenticeship Program.** The Superintendent or designee will ensure that the District complies with State law requirements for registered apprenticeship programs. The opportunities and requirements for registered apprenticeship programs contained in this policy will be posted on the District's website, and parents/guardians and students will also be notified of such opportunities in the appropriate school handbook(s).

A student in grades 9-12 who is 16 years or older may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing a registered apprenticeship program if:

1. The registered apprenticeship program meets all criteria contained in State law;
2. The registered apprenticeship program is listed by the District, or the student identifies a registered (but not listed) apprenticeship program with a business or organization if one is not offered in the District;
3. The student enrolled in a registered apprenticeship program has the opportunity to earn post-secondary credit toward a certificate or degrees, as applicable;
4. The student's parent/guardian requests and approves the substitution(s) in writing on forms provided by the District and on its website;
5. The Building Principal approves the substitution(s); and
6. All non-academic requirements mandated by the School Code for high school graduation that would otherwise prohibit or prevent the student from participating in the registered apprenticeship program are waived.

**Advanced placement computer science.** The advanced placement computer science course is equivalent to high school mathematics. A student in grades 9-12 may substitute the advanced placement computer science course for one year of mathematics, in accordance with Section 27-22 of the School Code. The transcript of a student who completes the advanced placement computer science course will state that it qualifies as a mathematics-based, quantitative course.

**Substitutions for physical education.** A student in grades 9-12, unless otherwise stated, may submit a written request to the Building Principal or designee to be excused from physical education courses for the reasons stated below. The Superintendent or designee shall maintain records showing that the criteria set forth in this policy were applied to the student's individual circumstances, as appropriate:

1. Ongoing participation in District-sponsored marching band program for credit;
2. Enrollment in Reserve Officer's Training Corps (ROTC) program sponsored by the District;
3. Ongoing participation in District sponsored interscholastic or extracurricular athletic program (student must be in the 11th or 12th grade);
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade).
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

A student who is eligible for special education may be excused from physical education courses pursuant to 7:260, *Exemption from Physical Education.*

**Volunteer service credit.** A student participating in the District's Volunteer Service Credit Program, if any, may earn credit toward graduation for the performance of community service. 1. District courses

SECTION 6 - INSTRUCTION

## 6:315 High School Credit for Students in Grade 7 or 8

The Superintendent or designee may investigate, coordinate, and implement a program for students in grades 7 and 8 to enroll in a course required for a high school diploma.

If a program is available, students in grades 7 and 8 may enroll in a course required for a high school diploma when the course is offered by the district that the middle school student would attend and one of the following is satisfied: (1) the student participates in the course at the high school and the middle school student's enrollment in the course would not prevent a high school student from being able to enroll, ~~or~~ (2) the student participates in the course where the student attends school as long as the student passes the course and the end-of-course examination given at the high school granting the credit for the same course, demonstrating proficiency at the high school level, or (3) the student participates in the course where the student attends school[C1] as long as the course is taught by a teacher who holds a professional educator license with an endorsement for the grade level and content area of the course.

A student who successfully completes a course required for a high school diploma while in grades 7 and 8 shall receive academic credit for the course. That academic credit shall satisfy the requirements of 105 ILCS 5/27-615 for purposes of receiving a high school diploma unless evidence about the course's rigor and content shows that the course did not address the relevant Illinois learning standard at the level appropriate for the high school grade during which the course is usually taken. The student's grade in the course shall also be included in the student's grade point average.

SECTION 6 – INSTRUCTION

## 6:320 High School Credit For Proficiency

Proficiency Credits

Subject to the limitations in this policy and State law, the Superintendent or designee is authorized to establish and approve a program for granting credit for proficiency with the goal of allowing a student who would not benefit from a course because the student is proficient in the subject area to receive credit without having to take the course. A student who demonstrates competency under this program will receive course credit for the applicable course and be excused from any requirement to take the course as a graduation prerequisite. No letter grade will be given for purposes of the student's cumulative grade point average. The Superintendent or designee shall notify students of the availability of and requirements for receiving proficiency credit.

Proficiency credit will be offered in the following subject areas:

*World~~Foreign~~*[C1] *language* - A student is eligible to receive one year of world~~foreign~~ language credit if the student has graduated from an accredited elementary school and can demonstrate proficiency, according to this District's academic criteria, in a language other than English. A student who demonstrates proficiency in American Sign Language is deemed proficient in a world~~foreign~~ language and will receive one year of world~~foreign~~ language credit. A student who studied a world~~foreign~~ language in an approved ~~ethnic~~community-based heritage language[C2] school program is eligible to receive appropriate credit according to the level of proficiency reached; the student may be required to take a proficiency examination.

*Other proficiency testing* – The program for granting credit for proficiency may allow, as the Superintendent deems appropriate, course credit to be awarded on the basis of a local examination to a student who has achieved the necessary proficiency through independent study or work taken in or through another institution. Proficiency testing may also be used to determine eligible credit for other subjects whenever students enter from non-graded schools, non-recognized or non-accredited schools, or were in a home-schooling program.

SECTION 7 – STUDENTS

**7:190 Student Behavior**

The goals and objectives of this policy are to provide effective discipline practices that: (1) prioritize the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and, to the extent possible and practical, provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

As is the case throughout the Board Policy Manual, the term "includes" when used in this policy means "includes, without limitation."

When and Where Conduct Rules Apply

A student may be subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including:

1. On, or within sight of, school grounds at any time, including before, during, and after school hours;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct does or reasonably could be foreseen to do any of the following: interfere with, disrupt, or adversely affect the school environment, school operations, or an educational function, including conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including:

1. Using, possessing, distributing, purchasing, selling, or offering for sale:
   a. Tobacco or nicotine materials, including electronic cigarettes (vaping).

b. Alcoholic beverages. A student who is under the influence of an alcoholic beverage is not permitted to attend school or school functions and is treated as in possession of alcohol.
c. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*).
d. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
e. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
f. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*.
g. Any substance, regardless of whether it contains an illegal drug or is explicitly prohibited by this policy, that is inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, regardless of whether such change is in fact caused. This includes pure caffeine in tablet or powdered form. The prohibition in this section does not apply to a substance for which the student has a prescription from a physician or licensed practitioner where the student is using the substance in a manner consistent with the prescription or prescribing physician's or licensed practitioner's instructions, including a student's use of legally prescribed asthma or other inhalant medication.
h. *Look-alike* or counterfeit drugs, which are any substance: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, substance causing a physiological or psychological change in the body , or other substance that is prohibited by this policy; or (b) about which a student engages in behavior that would lead a reasonable person to believe that the student expressly or impliedly believes or represents the substance to be an illegal drug, controlled substance, substance causing a physiological or psychological change in the body, or other substance that is prohibited by this policy. The prohibition in this section does not apply a substance for which the student has a prescription from a physician or licensed practitioner where the student is using the substance in a manner consistent with the prescription or prescribing physician's or licensed practitioner's instructions.
i. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

2. Using, possessing, controlling, or transferring a *weapon* as that term is defined in the **Weapons** section of this policy, or violating the **Weapons** section of this policy.
3. Using or possessing an electronic paging device.
4. ~~Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered off or silenced and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP), Section 504 Plan, Individual Health Care Plan (IHCP); (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.~~
5. Using a *wireless communication device* in violation of Board policy 7:195, *Wireless Communication Devices*.[C1]
6. Using a *wireless communication device* or other electronic device to take photographs in private areas such as locker rooms or bathrooms, or to otherwise violate student conduct rules.[C2]
7. *Sexting*, which, for purposes of this policy, is the act of creating, sending, sharing, viewing, receiving, or possessing sexually explicit messages, images, or videos electronically, regardless of whether they are authentic or computer-generated, through the use of a computer, electronic communication device, or cellular phone. Sexting also includes creating, sending, sharing, viewing, receiving, or possessing *indecent visual depictions*, *non-consensual dissemination of private sexual images*, and *non-consensual dissemination of sexually explicit digitized depictions*, as defined in State law.
8. Using or possessing a laser pointer, unless the student: (1) has express authorization by a staff member; (2) is using the laser pointer in the context of instruction; and (3) is under a staff member's direct supervision when using the laser pointer.
9. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
10. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, using a writing service and/or generative artificial intelligence technology in place of original work unless specifically authorized by staff, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
11. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in

such conduct. Prohibited conduct specifically includes any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.

12. Engaging in any sexual activity, including consensual sexual activity, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the expression of gender or sexual orientation or preference or the non-disruptive display of affection during non-instructional time.
13. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*.
14. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
15. Entering or being present on/in school property or a school facility without proper authorization.
16. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
17. Being absent without a recognized excuse; State law and Board policy regarding truancy control will be used with chronic and habitual truants.
18. Being involved with any public school fraternity, sorority, or secret society, including by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
19. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
20. Violating any criminal law, including assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
23. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member;~~ or~~ (b) endanger the health or safety of students, staff, or school property; or (c) violate the rights of others.

For purposes of this policy, the term *possession* includes having control, custody, or care of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall notify the parent/guardian of a student who engages in aggressive behavior about the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall properly supervise the student.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration may use this option as an alternative to another disciplinary measure, when appropriate, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.

10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or if the parent/guardian agrees to such transfer. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including illegal drugs (controlled substances), *look-alikes*, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

Students may not be suspended or expelled solely for violating Board policy 7:195, *Wireless Communication Devices*.[C3]

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available. At times the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. Students enrolled in the District's State-funded preschool program(s) may be temporarily removed or transitioned to a new program in accordance with federal and State law. State law prohibits the expulsion of students from the program(s).

Corporal punishment is prohibited in all circumstances. *Corporal punishment* is defined as a discipline method in which a person deliberately inflicts pain upon a student in response to the student's unacceptable behavior or inappropriate language, with an aim to halt an offense, prevent its recurrence, or set an example for others. It includes slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as permitted by 105 ILCS 5/10-20.33.

Isolated Time Out, Time Out, and Physical Restraint

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, Ill. State Board of Education (ISBE) rules (23 Ill.Admin.Code §§ 1.280, 1.285), and the District's procedure(s).

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 2012 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. Re-engagement shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on school grounds, becomes aware of any person in possession of a firearm on school grounds, or becomes aware of any threat of gun violence on school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member or is subject to a battery. *School grounds* includes modes of transportation

to school activities and any public way within 1000 feet of the school, as well as school property itself.

Upon receiving a report of (1), above, the Building Principal or designee shall immediately notify local law enforcement. If the report of (1), above, pertains to a threat of firearm violence made by a student, the Building Principal or designee shall attempt to notify the student's parent/guardian as soon as possible and shall further attempt to contact the parent/guardian to ensure that the student does not have access to a firearm. In addition, upon receiving a report on any of the above (1)-(3), the Building Principal or designee shall notify the Superintendent or designee and any involved student's parent/guardian.

Upon receiving a report on any of the above (1)-(3), the Superintendent or designee shall immediately notify local law enforcement. The Superintendent or designee shall also report these incidents to ISBE through its web-based School Incident Reporting System as they occur during the year and no later than July 31 for the preceding school year.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other licensed educational employees, and any other persons (whether or not a licensed employee) providing a related service for or with respect to a student, may only use reasonable force as permitted by 105 ILCS 5/10-20.33. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students found to have engaged in gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

C1 Updated in response to 105 ILCS 5/10-20.88(b), added by P.A. 104-657, requiring a board policy prohibiting student use of *wireless communication devices* during *school time*, subject to certain exceptions, by the beginning of the 2027-2028 school year. However, districts that have existing wireless communication device policies in place before 7-28-26 which limit the use of such devices "during a majority of or the entirety of a school day" are not required to adopt a policy meeting the requirements of 105 ILCS 5/10-20.88 until the 2031-2032 school year. Consult the board attorney for guidance if the board wishes to rely on an existing policy and delay implementation of a new policy that complies with 105 ILCS 5/10-20.88. **Issue 123, October 2026**

C2 See sample policy 7:195, *Wireless Communication Devices*, for a definition of *wireless communication device*. Making a video recording or live video transmission of another person without their consent in a restroom, locker room, or changing room is a Class 4 felony. 720 ILCS 5/26-4. A minor who distributes or disseminates an indecent visual depiction of another minor through the use of a computer or electronic communication device may be subject to adjudication as a minor in need of supervision. 705 ILCS 405/3-40. Additionally, operating transmitters designed to jam or block wireless communications violates the federal Communications Act of 1934. 47 U.S.C. §§301, 302a, and 333. Fines are as high as $10,000 for each violation and/or imprisonment, and the device may also be seized. 47 U.S.C. §§501-510. **Issue 123, October 2026**

C3 105 ILCS 5/10-20.88(e), added by P.A. 104-657, and 105 ILCS 5/10-22.6, amended by P.A. 104-657. The law is unclear regarding whether a school may issue in-school suspensions solely for violations of its wireless communication device policy. 105 ILCS 5/10-20.88(e) prohibits "suspensions," but 105 ILCS 5/10-22.6 prohibits out-of-school suspensions only. Consult the board attorney for guidance if the district wants to use in-school suspensions as a disciplinary consequence for violations of the policy. **Issue 123, October 2026**

## 7:270 Administering Medicines to Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form* (*SMA Form*) is submitted by the student's parent/guardian. No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students.

Self-Administration of Medication

A student may possess and self-administer ~~an~~ epinephrine ~~injector~~,[C1] e.g., EpiPen®, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a *SMA Form*. The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student.

A student may self-administer medication required under a Qualifying Plan, provided the student's parent/guardian has completed and signed an *SMA Form*. A "Qualifying Plan" means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an allergy emergency action plan, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act. A student may also possess the supplies and equipment necessary to monitor and treat diabetes in accordance with the student's diabetes care plan and/or the supplies, equipment, and medication necessary to treat epilepsy in accordance with the student's seizure action plan.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine ~~injectors~~, or medication required under a Qualifying Plan. A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of ~~an~~ epinephrine ~~injector~~, asthma medication, and/or a medication required under a Qualifying Plan.

School District Supply of Undesignated Asthma Medication

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated asthma medication in the name of the District and provide or administer them as necessary according to State law. *Undesignated asthma medication* means an asthma medication prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated asthma medication to a person when they, in good faith, believe a person is having *respiratory distress*. Respiratory distress may be characterized as *mild-to-moderate* or *severe*. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

School District Supply of Undesignated Epinephrine Delivery Systems~~Injectors~~

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated epinephrine delivery systems~~injectors~~ in the name of the District and provide or administer them as necessary according to State law. *Undesignated epinephrine delivery system~~injector~~* means an epinephrine ~~injector~~ delivery system prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine delivery system~~injector~~ to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

School District Supply of Undesignated Opioid Antagonists

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated opioid antagonists, at all schools and provide or administer them as necessary according to State law. *Opioid antagonist* means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. *Undesignated opioid antagonist* is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools or obtained by the District without a prescription. A school nurse or trained personnel, as defined in

State law, may administer an undesignated opioid antagonist to a person when they, in good faith, believe a person is having an opioid overdose. The high school administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. On or after June 1, 2018, see the website for the Ill. Dept. of Human Services for information about opioid prevention, abuse, public awareness, and a toll-free number to provide information and referral services for persons with questions concerning substance abuse treatment.

School District Supply of Undesignated Glucagon

The Superintendent or designee shall implement 105 ILCS 145/27 and 5/22-30 and maintain a supply of undesignated glucagon in the name of the District in accordance with manufacturer's instructions.

When a student's prescribed glucagon is not available or has expired, a school nurse or delegated care aide may administer undesignated glucagon only if he or she is authorized to do so by a student's diabetes care plan, Individual Health Care Action Plan, Section 504 plan, individualized education program, or other written accommodations plan.[C2]

Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a *medical cannabis infused product* to be administered to a student by one or more of the following individuals:

1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a "Designated Caregiver" to administer medical cannabis to their child. A Designated Caregiver may also be another individual other than the student's parent/guardian. Any Designated Caregiver must be at least 21 years old and is allowed to administer a *medical cannabis infused product* to a child who is a student on the premises of his or her school or on his or her school bus if:

a. Both the student and the Designated Caregiver possess valid registry identification cards issued by IDPH;
b. Copies of the registry identification cards are provided to the District;
c. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*; and
d. After administering the product to the student, the Designated Caregiver immediately removes it from school premises or the school bus.

2. A properly trained school nurse or administrator, who shall be allowed to administer the *medical cannabis infused product* to the student on the premises of the child's school, at a

school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus.

3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator.

*Medical cannabis infused product* (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a Designated Caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Void Policy

The **School District Supply of Undesignated Asthma Medication** section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated asthma medication from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school asthma medication.

The **School District Supply of Undesignated Epinephrine ~~Injectors~~ Delivery Systems** section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated epinephrine ~~injectors~~ delivery systems from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school epinephrine delivery systems~~injectors~~.

The **School District Supply of Undesignated Opioid Antagonists** section of the policy is void whenever the Superintendent or designee is unable to obtain a supply of opioid antagonists due to a shortage, in which case the District shall make reasonable efforts to maintain a supply.

The **School District Supply of Undesignated Glucagon** section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a

prescription for glucagon from a qualifying prescriber, or (2) fill the District's prescription for undesignated school glucagon.

The **Administration of Medical Cannabis** section of the policy is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding.

Administration of Undesignated Medication

Upon any administration of an undesignated medication permitted by State law, the Superintendent or designee(s) must ensure all notifications required by State law and administrative procedures occur.

Undesignated Medication Disclaimers

Upon implementation of this policy, the protections from liability and hold harmless provisions applicable under State law apply.

No one, including without limitation, parents/guardians of students, should rely on the District for the availability of undesignated medication. This policy does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).
